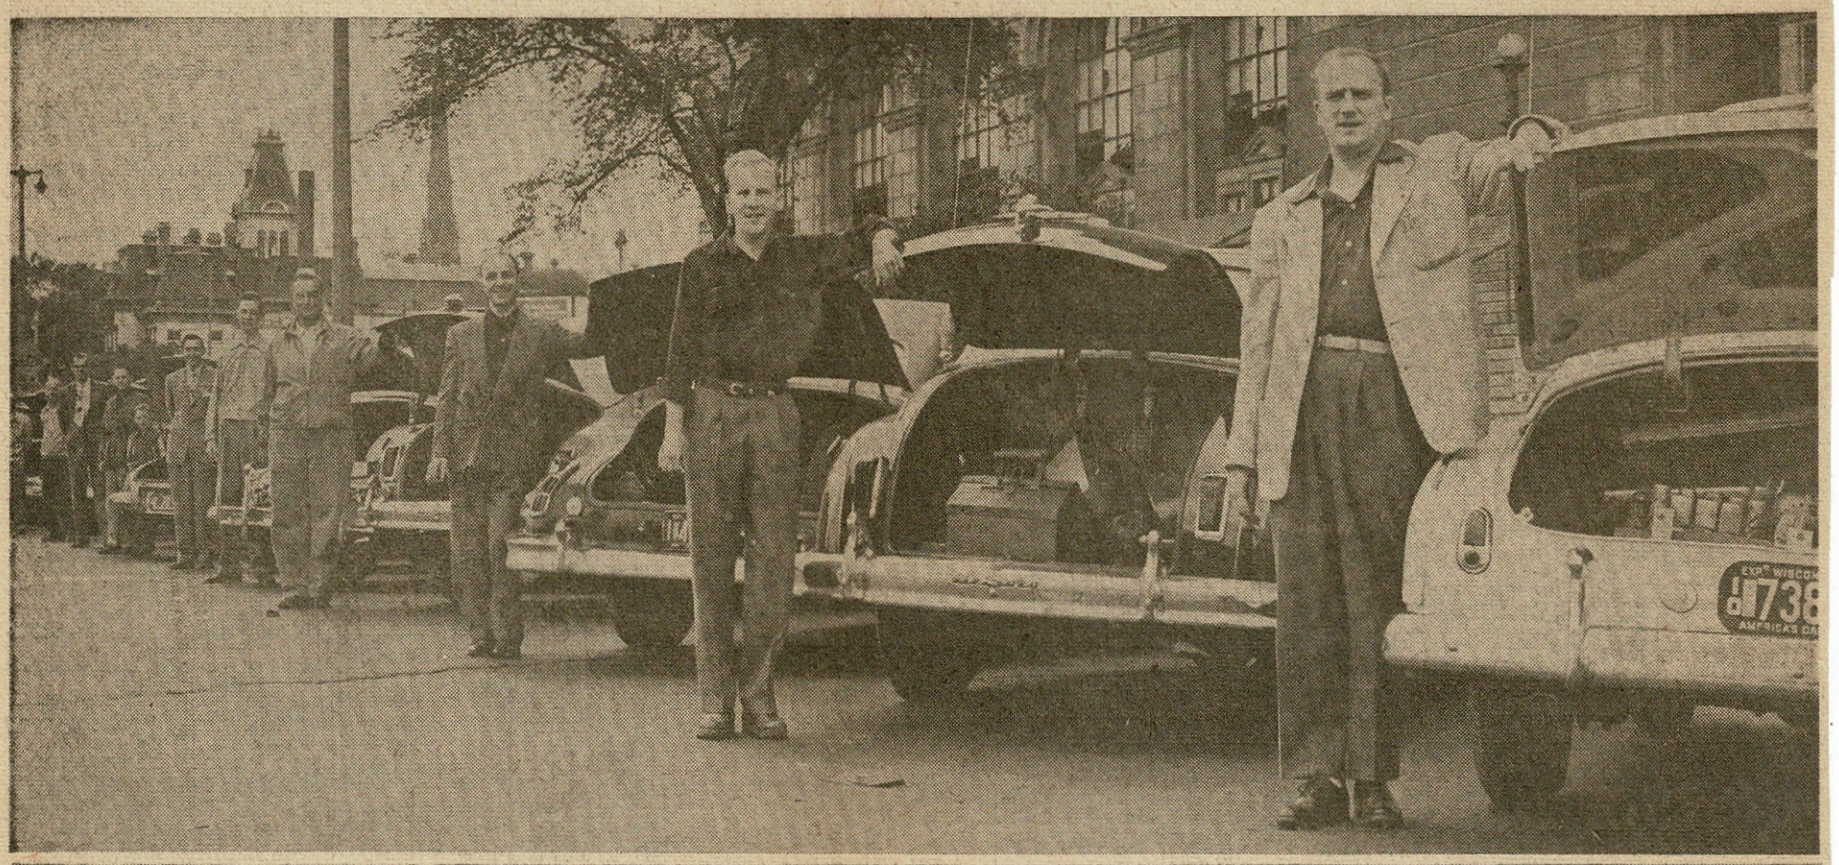
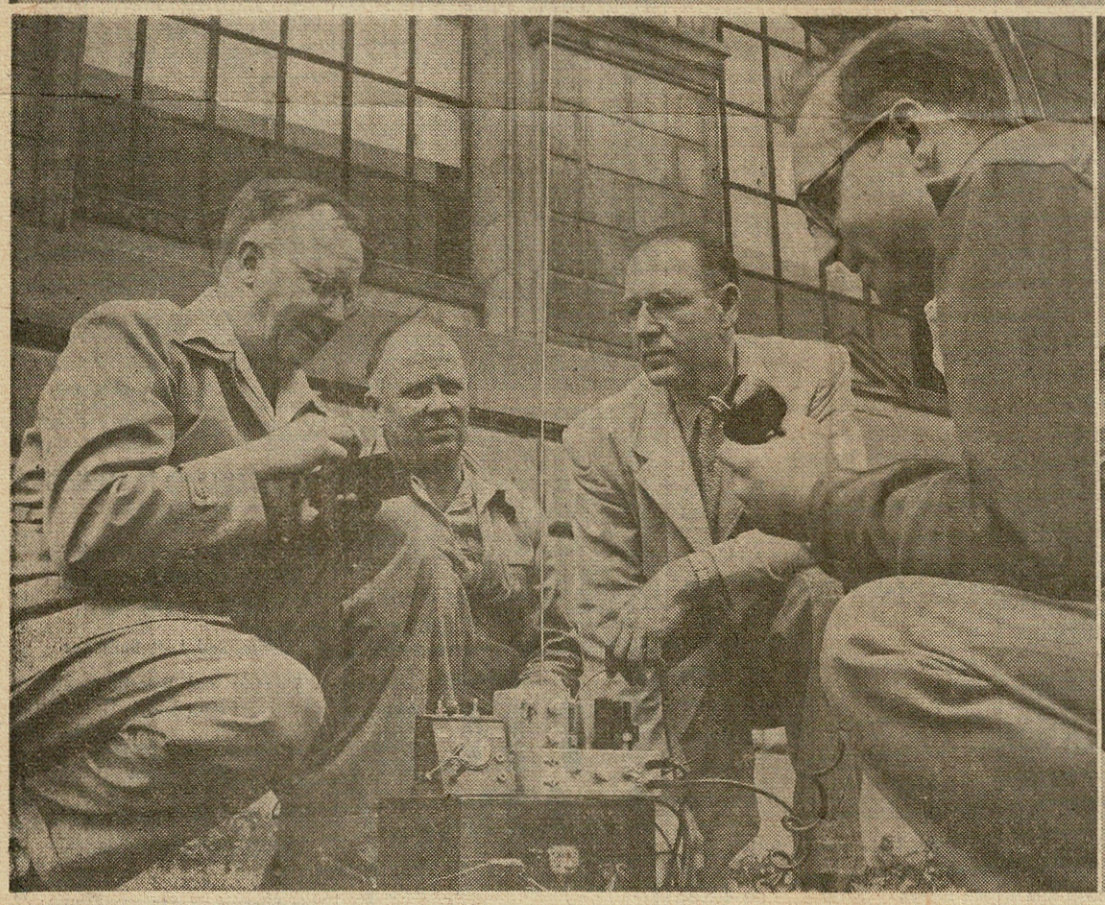
Amateur Radio Operators Demonstrate Civil Defense Role





Amateur radio operators of the city who have mobile equipment showed up at the courthouse Sunday to demonstrate how their units might be used in the event of a war disaster in Milwaukee. Some of the operators' 32 radio carrying automobiles are shown lined up. Most of the units may be removed from the cars and set up elsewhere, as that at the lower left, shown on the lawn. With the set are (from left) Charles Kaetel, 3145 N. 48th st., chairman of the mobile committee of the Milwaukee Radio Amateurs' club; Louis Wollaeger, 2628 N. 66th st., Wauwatosa, a member of the committee; Robert Bohmann, 8409 Jackson Park blvd., Wauwatosa, and Douglas Pavek, 4669 N. 18th st. Thomas Gettelman (lower right), Elm Groove, tuned his set at his car. —*Journal Staff*
